Output Power listed is conducted. Device is an 802.11b/g/n device and enabled for 2.4 GHz band operations as described in this filing. The antenna used for this transmitter must be installed to provide a separation distance of at least 20cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter, except in accordance with FCC multi-transmitter product procedures. Users and installers must be provided with antenna installation instructions and transmitting operating conditions for satisfying RF exposure compliance. This device supports 20MHz and 40MHz bandwidth modes.
