

2025.05.26: Mass Packaging changes

Beginning in June 2025, the mass packaging for TSW100 will updated with the following changes.

PCN Number: PCN_TSW100_Mass Packaging changes_2025.05.26_EN

Change description		
Change type	Packaging changes	
Detailed description	Starting in June 2025, the mass packaging box for the TSW100 will be updated as follows: • New box dimensions: 360 × 315 × 157 mm (previously 360 × 315 × 185 mm). • Increased shipping quantity: Each packaging box will now contain 26 units instead of the previous 25 units. • Individual packaging: Every TSW100 unit will now be packed in an individual box before being placed in the packaging box. The visuals below do not represent the actual product packaging; they are for reference purposes only.	
	Current packaging: 	Updated packaging: 
		
	This change effects only mass packaging codes.

Affected products information		
Model	Affected order codes	Order code changes
TSW100	TSW1000100B0 Custom order codes that uses standard mass packaging	N/A
Upcoming change date	2025 June	

Change impact	
Risk assessment	- The updated packaging may require adjustments in warehouse storage and handling processes due to the new dimensions and increased SPQ. - Shipping logistics will need to account for the new box size when calculating freight and storage. - No impact on product functionality or technical specifications.
Suggested implementation plan	- Inform relevant warehouse and logistics personnel about the packaging changes. - Adjust storage planning to accommodate the new box dimensions and increased SPQ. - Ensure that handling procedures account for individual product boxes within the transportation box. - If necessary, contact your sales representative for further guidance and support.

Acknowledgement of PCN receipt
If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above
