# LOGO USAGE

---

Our logo represents Teltonika brand and is one of our most valuable assets. We must ensure its proper usage.

The Teltonika blue logo is our primary logo colourway. While the logo icon can exist without the wordmark, the wordmark should never exist without the icon.

The right way to use the Teltonika logo is over a white/light background or on Teltonika blue.

- The blue logo should be used on white/light coloured backgrounds.
- The white logo should be used on black/dark coloured backgrounds.
- The black logo should ONLY be used on white/light coloured backgrounds IF there is no other option to use white or blue logo.
