

2025.03.21: PR1KS536 accessory specification changes

Starting from 2025 Q2, the product accessory 5G Mobile Magnetic SMA Antenna order code PR1KS536 cable length specification will be changed.

PCN Number: PCN_PR1KS536_Product_Accessory_2025_03_21_EN

Change description

Change type	Product specification
Detailed description	Starting from 2025 Q2, 5G Mobile Magnetic SMA Antenna product accessory order code PR1KS536 cable length will change from the current 3 m length to the new 1.5 m length. The antenna's other specifications remain unchanged. This specification change will be implemented gradually over a transitional period of 3 months during which shipments may include antennas with either the previous or the updated cable length.
	Antenna cable length will change.
Change reasons	This change will improve handling convenience, reduce excess cable management issues, and lower environmental impact due to reduced material use.

Affected products information

Model	PR1KS536
Upcoming change date	2025 Q2

Change impact

Risk assessment	Installation procedures, product handling, and stocking may need evaluation. Marketing materials referencing antenna cable length should be updated accordingly.
Suggested implementation plan	Information provided in this PCN should facilitate preparations for this change. For additional information, contact your sales representative.

Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above.
