2026.06.19: Packaging Box Changes

PCN Number: PCN_TSW114_Packaging Box Changes_2026.06.19_EN

Beginning in 2026 July, the mass packaging for TSW114 will updated with the following changes.

Change description	
Change type	Packaging changes
Detailed description	Starting in 2026 July, packaging of the TSW114 device will be updated. Crumpled paper filler will replace the previously used plastic filler in shipping cartons to fill empty spaces and provide additional protection during transportation. Please note that this change will be implemented gradually, throughout a 2-month transitional period starting from July, 2026. During this period, your shipments of TSW114 may consist of either the current design or the new one described above.

Current packaging:

Updated packaging:

info@teltonika.lt

Change reasons	▪ Enhanced Product Protection: Individual packaging ensures better protection during handling and transit. ▪ Sustainability & Waste Reduction: Optimized packaging reduces material waste and improves overall environmental sustainability.

Affected products information		
Model	Affected order codes	Order code changes
TSW114	TSW114 *****	N/A
Upcoming change date	2026 July	

Change impact	
Risk assessment	▪ Changes to packaging materials may impact packaging-related documentation and visual assets that reference the previous packaging configuration. ▪ No impact on product functionality or technical specifications.
Suggested implementation plan	▪ Inform relevant warehouse and logistics personnel about the packaging changes. ▪ If necessary, contact your sales representative for further guidance and support.

Acknowledgement of PCN receipt
If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above
