Output Power listed is conducted. The antenna used for this transmitter must be installed to provide a separation distance of at least 20cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter, except in accordance with FCC multi-transmitter product procedures. Users and installers must be provided with antenna installation instructions and transmitting operating conditions for satisfying RF exposure compliance. This device supports 20MHz and 40MHz bandwidth modes. Permissive changed as specified under 47 CFR 2.1043 of the FCC rules.
