

Bluetooth sensors Product Change Notifications

[Main Page](#) > [General Information](#) > [Product Change Notifications](#) > **Bluetooth sensors Product Change Notifications**

Product change notifications (PCN) is a way of informing customers of upcoming changes related to Teltonika Networks products. This includes outward appearance adjustments, hardware improvements, changes to package contents, etc.

This page stores information regarding changes to the Teltonika Networks devices powering options. Below you will find a list of both upcoming and already implemented changes sorted by newest to oldest (top to bottom).

2021.05.20: Bluetooth sensors order code changes

Effective 2021, week 21 we are changing Bluetooth sensors order codes. Older order codes for Bluetooth sensors will become obsolete.

Change description

Change type	New order codes
Detailed description	Changes are made to standardize the coding system.
Change reasons	To make the ordering process more efficient.
Change date	2021-05-20

Affected products

Model	All Bluetooth sensors that are provided in the table below.
-------	---

Change impact

Risk assessment	1. From now on you will have to order Bluetooth sensors using the new one order codes. 2. If you use smart and/or automated order processing and warehousing systems you must update information regarding Bluetooth sensors order codes with correct updated order codes. 3. Please take a moment to consider if there can be any issues or delays in customs due to the Bluetooth sensors order codes changes.
Suggested action taken	Consider contacting your Teltonika Networks sales manager if any questions arise or more information is needed.

Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika Networks may accept that this change has been tacitly accepted and can implement the change as indicated above.

No.	Accessory	Old order code	New order code
1.	BLUE COIN ID	258-00108, 258-00093, 258-00062, 258-00085	PPEX00000770
