Contents

- [1 RUT500](#)
- [2 RUT550](#)

RUT500

There are two types of firmware files for RUT500 devices. The correct file to use depends on your routers product code*.

- For RUT500 x**1**xxxx, RUT500 x**5**xxxx and RUT500 x**8**xxxx use [RUT5XX_NW_00.02.46](#)
- For RUT500 with other codes use [RUT5XX_R_01.00.875](#)

RUT550

- For all RUT550 product codes use [RUT5XX_NW_00.02.46](#)

*You can check the router's product code on the packing of the device.
