

RMS Administration

[Main Page](#) > [IoT Platforms](#) > [RMS](#) > [RMS Manual](#) > **RMS Administration**

The **Administration** section is the main tool for managing Users, companies, roles, various files, and reports in the RMS. From the Administration section, you can add, remove, manage, monitor and configure your RMS company, its users, and files related to it. The Administration section is comprised of:

- [Companies](#)
- [Users](#)
- [Files](#)
- [Tags](#)
