

# RUT230 Product Change Notifications

[Main Page](#) > [RUT Routers](#) > [RUT230](#) > **RUT230 Product Change Notifications**

**Product change notifications (PCN)** is a way of informing customers of upcoming changes related to Teltonika Networks products. This includes outward appearance adjustments, hardware improvements, changes to package contents, etc. Changes related to a product's firmware are not included in PCNs ([click here](#) to see the firmware changelog).

This page stores information regarding changes to the [RUT230](#) device. Below you will find a list of both upcoming and already implemented changes sorted by newest to oldest (top to bottom).

## 2020.08.14: changes in bottom labeling

Effective 2020, week 36, RUT230 routers will be produced with modified bottom labeling/engraving.

**Change description**

Change type External/visual

Detailed description The product code will be removed from the bottom labeling/engraving. The formatting for the remaining information on the labeling/engraving will be adjusted. Product code information will also be removed from the QR code. The labeling on the product packaging will stay unchanged.

Change reasons Placing product code on the product itself is misleading, product code describes what is included in the product equipment package, not in the product itself.

Old version:  New version:

**Affected products information**

All RUT2\*\* \*\*\*\*\* product codes are affected. No product code changes.

Product release date 2020, week 36

**Change impact**

Risk assessment The exact product code will not be present on the product itself, the exact product code will be found on the packaging box or determined by serial number. This might impact marketing materials due to changing contents of the bottom informational laser engraving.

Suggested implementation plan No implementation plan needed

**Acknowledgement of PCN receipt**

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above

## 2020.06.19: end of production

Effective December 15th, 2020, it will not be possible to order RUT230 series devices.

**Change description**

Change type End of Production

Detailed description Orders for RUT230 \*\*\*\*\* can be placed until 2020-12-15  
Production for RUT230 \*\*\*\*\* shall continue up until 2021-12-15, depending on placed orders

Change reasons End of Production

Change date 2020-12-15

**Affected products**

Model	Removed order code	Replacement order code
RUT230	All RUT230 ***** codes are affected	RUT240 *****

**Change impact**

Risk assessment 1. Extra stock planning necessary, as it won't be possible to order any quantities after 2020-12-15  
2. All running or upcoming projects, that utilize RUT230, must be reviewed and appropriate action taken

Suggested action taken You must contact your Teltonika sales manager who will advise you regarding planning orders or best approach for migrating from RUT230.

**Acknowledgement of PCN receipt**

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above.

## 2020.02.28: bottom device marking changes

Effective 2020, week 10, RUT230 router bottom stickers will be replaced by laser engravings.

**Change description**

Change type External/visual

Detailed description The bottom sticker will be replaced by laser engravings. Information will remain the same.

Change reasons To improve manufacturing speed, efficiency, and reliability. In addition, increasing quality, precision, durability of marking and reducing environmental impact.

Old version:  New version:

**Affected products information**

All RUT2\*\* \*\*\*\*\* product codes are affected. No product code changes.

Product release date 2020, week 10

**Change impact**

Risk assessment No risk factors encountered with this change

Suggested implementation plan No implementation plan needed

**Acknowledgement of PCN receipt**

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above

## 2019.09.12: order code changes

Effective October 2019 (transitional period – 1 month) standard order codes for RUT230 will change. All order codes from this category will become obsolete: RUT230 \*0\*\*\*\*

### Change description

Change type	Order code removed
Detailed description	The order code <b>RUT230 *0****</b> with UC20-E module will be replaced with order code <b>RUT230 *1****</b> with UC20-G (Global) module. <b>RUT230 *0****</b> order code with UC20-E module supported 3G: B1, B8 2G: B2, B3, B5, B8 frequencies. <b>RUT230 *1****</b> order code UC20-G module supports <b>Global</b> frequencies: 3G: B1, B2, B5, B8, B19 2G: B2, B3, B5, B8.
Change reasons	UC20-E module replaced by UC20-G module.
Product release date	October 2019

### Affected products

Model	Removed order code	Replacement order code
RUT230	RUT230 *0****	RUT230 *1****

### Change impact

Risk assessment	1. From now on you will have to order RUT230 using one of the valid ordering codes from RUT230 *1**** code category. 2. If you use smart and/or automated order processing and warehousing systems you must update information regarding RUT230 order code with correct updated order code.
Suggested implementation plan	You must contact your Teltonika sales manager who will advise you regarding the correct new RUT230 order code suiting your demands for package contents and included accessories.

### Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above

To download the pdf version of this notification, [click here](#).

## 2019.06.19: device flash memory change

Effective 2019, week 33, RUT230 routers will be produced with a different type of flash memory.

### Change description

Change type	Device flash memory changed RUT2** series flash memory changes. Old firmware versions will not support new flash memory, meaning that only <a href="#">RUT2XX_R_00.01.07 and newer firmwares</a> will work with updated hardware.
Detailed description	Custom firmwares built on previous SDK versions will also not work.
Change reasons	Reducing product lead times.

### Affected products information

All RUT2\*\* \*\*\*\*\* product codes are affected. No product code changes.

Product release date	2019, week 33
----------------------	---------------

### Change impact

Risk assessment	All risks are firmware related.
Suggested implementation plan	Firmware downloads for the device can be found <a href="#">here</a> . For more detailed information please contact your sales representative.

### Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above
