# RUT900 CLI (legacy WebUI)

[Main Page](#) > [RUT Routers](#) > [RUT900](#) > [RUT900 Manual](#) > [RUT900 Legacy WebUI](#) > [RUT900 Services section \(legacy\)](#) > **RUT900 CLI (legacy WebUI)**

The information in this page is updated in accordance with firmware version [RUT9XX\\_R\\_00.06.09.5](#).

**Note:** this user manual page is for RUT900's old WebUI style available in earlier FW versions. [Click here](#) for information based on the latest FW version.

□

## Contents

- [1 Summary](#)
- [2 CLI](#)

## Summary

The **CLI** or **Command Line Interface** functionality allows you to enter and execute Linux commands within the router.

This chapter of the user manual provides an overview of the CLI page for RUT900 devices.

## CLI

CLI is a console interface similar to the Linux Terminal program. Use the following credentials to log in:

- Username: root
- Password: router's password

If the login was successful, you should be greeted with a window like this:
