

RUT900 Services (legacy WebUI)

[Main Page](#) > [RUT Routers](#) > [RUT900](#) > [RUT900 Manual](#) > [RUT900 Legacy WebUI](#) > [RUT900 Status section \(legacy\)](#) > **RUT900 Services (legacy WebUI)**

The information in this page is updated in accordance with firmware version [RUT9XX_R_00.06.09.5](#).

Note: this user manual page is for RUT900's old WebUI style available in earlier FW versions. [Click here](#) for information based on the latest FW version.

Contents

- [1 Summary](#)
- [2 Services](#)

Summary

The **Services** page is used for easy service management. From here you can monitor your device's services states. Click a button to access respective section where it was originally configured.

This chapter of the user manual provides an overview of the Services page for RUT900 devices.

Services

The **Services** page displays the status of most of the device's services. Services that are currently inactive are displayed in a red font, while active ones are highlighted in green.

The figure below is an example of the Services page:

Click the zone next to a service where it says "Change settings" and you will be redirected to configuration page.

Additional notes:

- By default, only [NTP](#) and [SMS Utilities](#) services are enabled
- Some services have to be installed via [Package Manager](#), before they can be visible.
