

RUT951 Giteki

[Main Page](#) > [RUT Routers](#) > [RUT951](#) > [RUT951 Certification & Approvals](#) > **RUT951 Giteki**

The **Japan Radio Law** covers all products which utilize the radio spectrum and operate under 3 THz. Specified Radio Equipment Devices are subject to mandatory approvals. It aims at increasing public welfare by securing fair and efficient use of an electric waves. Testing is conducted on one sample unit for each type of radio equipment (officially called "construction design"), for attestation of the construction design. This is called the "construction design attestation system."

Description

This certification applies to all products using the radio frequency spectrum. The Giteki mark is a visible indication of a product's compliance with applicable Japans regulatory arrangements, including all technical and record-keeping requirements.

RUT951 Marking

Specified Radio Equipment marking [R] No.: **018-230082**

Construction Type Certificate marking [T] No.: **D23-0013018**

Device Approvals

Device Construction Type Certificate (MIC)

Device Construction Type Certificate (JATE)

To download a PDF versions of the declaration for: [RUT951 MIC Certificate](#), [RUT951 JATE Certificate](#).

EC25-J Wireless Module Approval

Product code: RUT951 (Japan version)

Module Construction
Type Certificate (1/5)

Module Construction
Type Certificate (2/5)

Module Construction
Type Certificate (3/5)

Module Construction
Type Certificate (4/5)

Module Construction
Type Certificate (5/5)

To download a PDF versions of the declaration for: [module \(1/5\)](#), [module \(2/5\)](#), [module \(3/5\)](#), [module \(4/5\)](#) , [module \(5/5\)](#) .
