EAN composition

Teltonika products use the thirteen-digit EAN standard called **EAN-13**, which is comprised of three components:

- **GS1 prefix** identifies the product's country of origin
- Manufacturer code identifies the manufacturer
- **Product code** identifies the product (assigned by the manufacturer)

RUTXR1 EAN

EAN components specific to RUT955:

- GS1 prefix: **477** (Lithuania)
- Teltonika's EAN manufacturer code: 902731
- RUTXR1 product code*: 2613
- RUTXR1 full EAN number: 4779027312613
- * Not to be confused with the device's product code specified on the packaging of the device.
