

TAP200 RCM

[TAP200 Certification & Approvals](#) > **TAP200 RCM**

The **ACMA** regulatory arrangements require a supplier to apply a compliance label to a product before the product is supplied to the Australian market.

Description

For all ACMA regulatory arrangements, the compliance label is the **Regulatory Compliance Mark (RCM)**. The RCM replaces the A-Tick and C-Tick compliance marks used under previous regulatory arrangements.

The RCM is a visible indication of a product's compliance with all applicable ACMA regulatory arrangements, including all technical and record-keeping requirements.

TAP200

Standards applied

The conformity with the essential requirements has been demonstrated against the following standards:

Standard	Description
AS/NZS CISPR 32:2015 + A1:2020	Radiocommunications (Electromagnetic Compatibility) Standard 2017
