Talk:RUTX11

Hi,

below interfaces are mentioned in RUTX11 datasheet

2 x SMA for LTE, 2 x RP-SMA for WiFi, 1 x RP-SMA for Bluetooth, 1 x SMA for GNSS

are the all male or female interfaces ?

RUTX11 interfaces

Hi,

below interfaces are mentioned in RUTX11 datasheet

2 x SMA for LTE, 2 x RP-SMA for WiFi, 1 x RP-SMA for Bluetooth, 1 x SMA for GNSS

are the all male or female interfaces ?

Answer

The interfaces on the device are:

- SMA female
- RP SMA female

And they are reversed on the antennas. A good explanation can be seen here:
