Summary

The **Overview** page contains various information summaries and shortcuts to other pages. It is also the homepage of the WebUI. This chapter is an overview of the Overview page for {{{name}}} router. If you're having trouble finding this page or some of the parameters described here on your device's WebUI, you should **turn on "Advanced WebUI" mode**. You can do that by clicking the "Advanced" button, located at the top of the WebUI.

Overview

The Overview page contains **widgets** that display the status of various systems related to the device. The figure below is an example of the Overview page:

Widget button: Info

The **Info** () button is located next to the name of some widgets. Clicking the Info button redirects the user to a status page related to the widget's displayed information. For example, clicking the Info button on the System widget would redirect the user to the **Status → [[{{{name}}} System|System]]** page:

Widget button: Settings

The **Settings** button is located next to the name of some widgets. Clicking the Settings button redirects the user to a configuration page related to the widget's displayed information. For example, clicking the Info button on the Mobile widget would redirect the user to the *Network → LAN Configuration* page:

Adding more widgets

There is a default set of widgets displayed in the Overview page, but more can be added by clicking **Overview Settings** button.

From here you can add non-default widgets.
