

# Template:Rms manual rms move credits

## Move RMS resources

To move RMS Credits or Management/Connection data packs go to [Companies](#) page under Administration section.

1. There, next to **+ADD** button click on arrow to view more actions.
2. Click on **Move Resources**
3. In Move resources action window select:
  1. Type of resource you will be moving ( Credit / Management pack / Connect data pack).
  2. Company **from** which you will be moving resources.
  3. Company **to** which you will move the selected resource.
  4. Amount of resources you will move.
  5. Click on **MOVE** button to execute the action.

At the top of your screen, you will get a notification: **Move operation completed successfully.**
