

User talk:Navyasri

I work as a marketing specialist and staff author at Externetworks which is a pioneer in Managed Technology Services with over 17+ years of experience in providing end-to-end solutions featuring design, deployment and 24*7 support to top IT companies. We offer world-class managed services for businesses to stay agile & profitable. Our services include 24/7 Network Monitoring, Uptime maintenance, NOC Support, IT Helpdesk services.

[Network Operation Center](#)

Efficient IT infrastructure management is about predictive and pre-emptive management, not knee-jerk, panicked reaction, too-late troubleshooting or problem-resolution after an event. Our proactive network operation center with Insight Monitoring Service oversees a wide range of technology that is performed at varying service levels. The result is improved, more consistent service, greater quality, stability, reduced cost, and the ability to respond quickly to changes.
