Description

Teltonika Networks as responsible manufacturer is obligated to take care of it's produced electrical and electronic waste. Therefore in this article information can be found regarding WEEE memberships across Europe.

It is important to state, that Electrical and electronic equipment (EEE) and batteries contain materials, components and substances that may be hazardous and present a risk to human health and the environment. Hence, this EEE-product shall not be discarded together with household waste, but must be collected separately. Please contact your local municipality for information on authorized collection points in your area.

Teltonika Networks has completed the WEEE Austria registration. UFH has been named the authorized representative.

Commercial customers in Austria can return their commercial equipment free of charge to the UFH commercial collection points. Before handing in the equipment, the respective customer will have to fill in the so-called release sheet, which has to be handed in at the commercial collection point. Additional information on request.

To download a PDF version of the release sheet, click here.
