2023.07.20: Product accessories and packaging changes

Starting in Q3 2023, the product accessories and packaging listed below will be changed.

Change description

Change type	Packaging
-------------	-----------

Detailed description	Starting in Q3 2023, we will transition to more environmentally-friendly carton packaging that will replace plastic bag packaging for product accessories. During this transition period, the carton boxes/envelopes will have the following printed information: • the name of the product; • order code; • a picture of the accessory; • EAN-13 barcode; • additional product-related information;
Change reasons	This change will lead to an improvement in the structural stability, impact resistance, and environmental impact reduction.
Change date	2023-07-20
Affected products	
Model	This change does not apply to product accessories that are bundled together with the product, but only to accessories sold separately. Please refer to the below table for the specifics accessories changes.
Change impact	
Risk assessment	The product handling and storage process may require review. Marketing materials, such as photos, might need replacement.
Suggested action taken	Information included in this PCN will help adapt to the upcoming changes. For more detailed information please contact your sales representative.
Acknowledgment of PCN receipt	
If no feedback is received within two weeks after the issue date of this notification, Teltonika Networks may accept that these changes have been tacitly accepted and can implement the changes as indicated above.
