

Bluetooth EYE Sensor and EYE Beacon support

[Main Page](#) > [FAQ](#) > [Other Topics](#) > **Bluetooth EYE Sensor and EYE Beacon support**

Here you can find a list of devices and Firmware version's from which the Bluetooth EYE Sensor and EYE Beacon are supported:

Teltonika Device	Firmware	Supported BT Sensor/Beacon
RUTX10	From RUTX_R_00.07.02.0 and above	EYE SENSOR: BTSMP1 EYE BEACON: BTSID1
RUTX11	From RUTX_R_00.07.02.0 and above	EYE SENSOR: BTSMP1 EYE BEACON: BTSID1
RUTX12	From RUTX_R_00.07.02.0 and above	EYE SENSOR: BTSMP1 EYE BEACON: BTSID1
RUTX14	From RUTX_R_00.07.02.0 and above	EYE SENSOR: BTSMP1 EYE BEACON: BTSID1

Although using older Firmware you will be able to connect the router with a beacon/sensor, you will not be able to get any detailed information that a beacon/sensor should provide.

Additional information about the beacon/sensor can be found here:
