❌

**HotspotSystem** RADIUS servers are now compatible with Teltonika's RUT router Hotspot feature.

## Description

HotspotSystem provides hotspot management and billing services for businesses or individuals who want to provide internet for their customers. Their mobile-enabled splash pages meet the expectations of the modern customer and the Hotspot Software comes with pre-built skins which you can fully customize. Cloud-based solution lets you manage unlimited hotspot locations from the Cloud and the Hotspot Software runs on routers so no additional computer is needed.
