

# How to activate a resource code?

[Main Page](#) > [IoT Platforms](#) > [RMS](#) > [RMS FAQ](#) > **How to activate a resource code?**

Code activation action in the account menu

Redeem code page

To activate a **resource code** (Credit / Management or Data pack) you can either:

## Using account menu

1. Click on your account in the right upper corner and a menu will show up.
2. There, click on **Activate Code**
3. You will be redirected to code redeem page
4. Paste the code you've got and click **Activate**
5. If the code is valid, you will receive status message "*Activate operation completed successfully*" and resources will be available on the company the user belongs to (can be seen in the account menu under email).

## From the Companies Page

1. In the [Companies Page](#) click on the arrow near **+ ADD** button and a menu will appear.
2. Select **Activate**
3. Paste the code you've got and click **Activate**
4. If the code is valid, you will receive status message "*Activate operation completed successfully*" and resources will be available on the company the user belongs to (can be seen in the account menu under email).
