Anatel logo

The **National Telecommunications Agency** or **Anatel** is a special agency in Brazil created by the general telecommunications act (Law 9472, 16/07/1997) in 1997 and governed by Decree 2338 of 07/10/1997. From the Ministry of Communications, Anatel has inherited the powers of granting, regulating and supervising telecommunications in Brazil as well as much technical expertise and other material assets.

Description

RUT850 (RUT8507***** version) is using an Anatel approved LTE module.

IBRACE, using the powers invested by the Designation Act n° 19.436, of September 28th 2001, from ANATEL, granted Certification for Teltonika routers' LTE Cat4 modules, based on tests of type performed according to applicable technical standards and documentation sent by the manufacturer.
