

# RUT900 CLI

## Summary

The **CLI** or **Command-line interface** functionality allows you to enter and execute Linux commands within the device. This manual page provides an overview of the CLI page in RUT900 devices.

If you're having trouble finding this page or some of the parameters described here on your device's WebUI, you should **turn on "Advanced WebUI" mode**. You can do that by clicking the "Advanced" button, located at the top of the WebUI.

## CLI

The RutOS **CLI** is a console interface similar to the Linux Terminal program. Use the following credentials to log in:

- Username: root
- Password: device's password

If the login was successful, you should be greeted with a window similar to this:
