

RUT900 Product Change Notifications

[Main Page](#) > [RUT Routers](#) > [RUT900](#) > **RUT900 Product Change Notifications**

Product change notifications (PCN) is a way of informing customers of upcoming changes related to Teltonika Networks products. This includes outward appearance adjustments, hardware improvements, changes to package contents, etc. Changes related to a product's firmware are not included in PCNs ([click here](#) to see the firmware changelog).

This page stores information regarding changes to the [RUT900](#) device. Below you will find a list of both upcoming and already implemented changes sorted by newest to oldest (top to bottom).

2020.06.19: end of production

Effective December 15th, 2020, it will not be possible to order RUT900 series devices.

Change description

Change type	End of Production
Detailed description	Orders for RUT900 ***** can be placed until 2020-12-15 Production for RUT900 ***** shall continue up until 2021-12-15 , depending on placed orders
Change reasons	End of Production
Change date	2020-12-15

Affected products

Model	Removed order code	Replacement order code
RUT900	All RUT900 ***** codes are affected	RUT950 *****

Change impact

Risk assessment	1. Extra stock planning necessary, as it won't be possible to order any quantities after 2020-12-15 2. All running or upcoming projects, that utilize RUT900, must be reviewed and appropriate action taken
Suggested action taken	You must contact your Teltonika sales manager who will advise you regarding planning orders or best approach for migrating from RUT900.

Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above.

2019.06.19: device flash memory change

Effective 2019, week 23, RUT900 routers will be produced with a different type of flash memory.

Change description

Change type	Device flash memory changed
-------------	-----------------------------

RUT9** series flash memory changes.
Old firmware versions will not support new flash memory, meaning that only [RUT9XX_R_00.06.02 and newer firmwares](#) will work with updated hardware.
Custom firmwares built on previous SDK versions will also not work.

Detailed description

Change reasons

Reducing product lead times.

Affected products information

All RUT9** ***** product codes are affected. No product code changes.

Product release date

2019, week 23

Change impact

Risk assessment

All risks are firmware related.

Suggested implementation plan

Firmware downloads for the device can be found [here](#).
For more detailed information please contact your sales representative.
