## **Description**

T-Mobile device certification is a network certification and verification procedure performed on cellular devices to verify that they are compliant with the T-Mobile network and are operating at maximal intensity. For gadgets that have been designed to be operated on the T-Mobile system, hardware, OEMs/ODMs must receive T-Mobile product certification.

## **T-Mobile certificate**

Devices with the product codes:

• RUT956 A\*\*\*\*\*1

are certified for use in the T-Mobile network and can be found on the T-Mobile website among certified devices:

T-Mobile certified RUT956 A\*\*\*\*\*1
