EAN composition

Teltonika products use the thirteen-digit EAN standard called **EAN-13**, which is comprised of three components:

- **GS1 prefix** - identifies the product's country of origin
- **Manufacturer code** - identifies the manufacturer
- **Product code** - identifies the product (assigned by the manufacturer)

TAP100 EAN

EAN components specific to TAP100:

- GS1 prefix: **477** (Lithuania)
- Teltonika's EAN manufacturer code: **905184**
- TAP100 product code*: **0182**
- TAP100 full EAN number: **4779051840182**

* Not to be confused with the device's product code specified on the packaging of the device.
