Template:Networking rut manual cli

The information in this page is updated in accordance with firmware version .

☐

Contents

Summary

The **CLI** or **Command Line Interface** functionality allows you to enter and execute Linux commands within the router.

This chapter of the user manual provides an overview of the CLI page for {{{name}}} devices.

CLI

CLI is a console interface similar to the Linux Terminal program. Use the following credentials to log in:

- Username: root
- Password: router's password

If the login was successful, you should be greeted with a window like this:

[[File:Networking_{{{name}}}_manual_cli.png|border|class=tlt-border]]

[[Category:{{{name}}} Services section]]
